Multi-Cultural Awareness & Accepting Differences Project

In February, the School Counseling Intern, Ms. Barkauskas, put together a project **in hopes of spreading multicultural awareness and accepting differences.** We are pleased that several students participated, including students in person and virtual. Students had the chance to cut from several different magazines or create a piece that was about their own culture. This project was formed into a collage and is in the hallway outside the School Counseling Department. The students did an awesome job and even earned community service for participating! Thank you to all of those that helped make this happen.
